Ms. Akers continued to report on the draft of the proposed ordinance which included the payroll effective date. She stated the draft was ready to be voted on.
Ms. Akers then reported that there were a couple of legislative bills in the upcoming Legislative Session that CPERS and the board needed to watch for as one could impact causing increased employer contribution rates; another bill (HB 25) could impact all retirement systems by adding prohibitive language on investments and the last bill HB34 if passed would provide a new exception to the Open Meetings Law.

Ms. Akers recommended the Board do a board resolution, if they feel so passionately opposing HB25, which would allow Mr. Mack to represent CPERS at the Legislature to formally oppose and speak on it. Mr. Mack then provided background information on the details surrounding HB 25. Mr. Leblanc stated that he would like a record of CPERS opposing the bill.

8. UNFINISHED BUSINESS

The chairman introduced Item 8A and Ms. Hunt started off the discussion regarding where we currently stand on the retirement ordinance language updates. Ms. Hunt stated she would like to have a number 7 added to the Memorandum that accompanied the proposed ordinance changes to Metro Council. By adding number 7 would explain to employers that they are going to have to start contributing to retirement on part-time rehire retirees currently employed and future return to work employees at the beginning of the next quarter and that employers will start contributing on employees entering the DROP program after the ordinance changes are accepted. Ms. Akers clarified that there was no fundamental changes to what was previously agreed upon in the proposed ordinance language and the only new language was to further clarify on the Metro Council memorandum.

The chairman called for a final vote to approve the revised ordinance language and submit it to Metro Council for enactment.

Ms. Hunt abstained from voting stating that she agrees CPERS needs to be in IRS compliance, this language however is beyond the requirements and she sees value in the return to work program as there is a national employment crisis.
Mr. Leblanc echoed Ms. Hunt’s reasoning in wanting to be IRS compliant but felt the language is trying to dictate policy to employers. He further stated that he cannot vote for something he does not support and voted no to approve the revised ordinance language.

Mr. Daniels made a motion to pass the additional language to the Metro Council memo per Ms. Hunt, second by Mr. Bernard and the language was approved to be added to the Metro Council memo.

Ms. Johnson provided further what other systems require of their trustees for educating board members.

The chairman moved onto 8C, CPERS membership qualifications and error corrections wherein Mr. Mack updated the board regarding two members who are currently members but should have been transferred into the State Firefighters System.
