2005	195.3	\$1,652,475	\$1,327,564

On average, approximately 84% of total General Fund collections in this category come from City Court Traffic Fines. Fluctuations are related mainly to the number of tickets issued in a given year and, to a lesser extent, to the number of tickets processed by the court, tickets dismissed, fines suspended, and other court actions.

**State:** L.R.S. 13:1872-1902 contains general provisions for city courts. L.R.S. 15:571.11 provides that, as of June 22, 1993, proceeds of bond forfeitures would be divided equally among the prosecutor, the court, the law enforcement agency involved, and the indigent defender program.

**Local:** Section 11.04 of *The Plan of Government* of the City of Baton Rouge and the Parish of East Baton Rouge creates a City Court of the City of Baton Rouge, which has jurisdiction over the territorial area of the City of Baton Rouge. The criminal jurisdiction of the City Court includes cases involving the violation of any city or parochial ordinance and is limited to offenses not punishable by imprisonment at hard labor.

NOTES: The large deposit in December 2002, constituting more than half of that year's forfeitures, was the result of collecting from one insurance company for several defendants. The 2003 and 2004 increases are attributed to a more aggressive pursuit of bond forfeiture judgments. Forfeitures decreased in 2005 because collecting and processing the backlog from previous years had been completed. Revenues are expected to remain at or near the 2005 level, as collections on forfeitures are now being processed as they occur.

### LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 32:41	Code of Ordinances, Title 11  <i>En Banc</i> Order of City Court, effective 11/5/02

### INTERPRETATION OF LEGAL AUTHORIZATION:

**Federal:** N/A.

**State:** **L.R.S. 32:41** gives local municipal authorities the power to adopt ordinances regulating traffic on highways other than state-maintained highways within their corporate limits. They may also adopt ordinances regulating traffic on state-maintained highways within their corporate limits as long as such ordinances do not establish regulations different from or in addition to the provisions of this statute, unless such additions or supplements are approved in writing by the Department of Public Safety. In addition, this statute allows the municipal ordinance to provide for such penalties as are consistent with the authority granted by the local municipal charter or state statute under which the municipal government operates.

**Local:** **Title 11 (Traffic Code) of the Code of Ordinances** of the City of Baton Rouge and the Parish of East Baton Rouge provides for the enforcement of street traffic regulations in the city and all of the state vehicle laws applicable to street traffic in the city by the Traffic Division of the Police Department. The *en banc* order of November 5, 2002, provides the most recent fines schedule for traffic violations.

### COLLECTION AND TRANSMITTAL OF FUNDS:

The City Court *en banc* order effective November 5, 2002, set forth a schedule of fines to be imposed for traffic infractions unless otherwise specifically ordered by the assigned judge, which schedule is on file in the Budgeting Division of the Finance Department.

### REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

None.

**NOTE:** Fluctuations in revenues from traffic fines result in part from number of tickets issued. The large increase for 2005 may be attributed to increased enforcement by the Police department, as well as an increase in population in the last third of 2005 due to Hurricane Katrina. Traffic cases filed and terminated were as follows:

Other factors that influence collections are the fact that the amounts of the standard fines for each offense are changed from time to time by order of the City Court judges, and the fact that the judges may impose or suspend the fine in any given case.

### LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 15:571.11 15:86.1	Intergovernmental Agreement between City-Parish and 19th Judicial District Court, 1995

### INTERPRETATION OF LEGAL AUTHORIZATION:

**Federal:** N/A.

**State:** L.R.S. 15:571.11 provides that all fines and forfeitures are to be collected by the sheriff and paid into the treasury of the parish in which the court is situated. In the 1993 and 1994 sessions of the Legislature a new provision was added to this statute concerning forfeitures of criminal bail bonds. Beginning in 1994, forfeited amounts were to be distributed as follows: 30% to the district attorney; 25% to the court fund of the parish where the bond was posted; 25% to the sheriff; and 22% to the Indigent Defenders Program for the parish. L.R.S. 15:86.1 provides that bonds that remain unclaimed for three years are to be paid into the Parish General Fund. As of 2004, unclaimed forfeitures are being deposited into a miscellaneous revenue account created for this purpose (002..484801.).

**Local:** An **Intergovernmental Agreement between the City-Parish and the 19th Judicial District Court**, signed June 27, 1995, provides that, effective January 1, 1995, the District Court would retain all fines and forfeitures allowable under state law, including those types previously credited to the Parish General Fund; and that the base budget provided by the Parish General Fund for the operations of the District Court would be adjusted to allow for that change.

### COLLECTION AND TRANSMITTAL OF FUNDS:

**Collector:** Sheriff of East Baton Rouge Parish.

**Transmittal:** Remitted directly to District Court.

### PAYOR OF FEE:

Fines may be imposed by the 19th Judicial District Court on **persons convicted of crimes** in that court. Bonds are forfeited by **persons who fail to appear** when required by the court to do so.

### REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Bonds that remain unclaimed for 3 years are paid into the Parish General Fund. If such a bond is later claimed, it is refunded by means of a payment voucher charged to that revenue account.

DISTRICT COURT FINES	ACCOUNT 002 . . 450201
<p>Totals in this account for the past four years have been: <b>-\$4,000 in 2002</b> and <b>\$0 in 2003, 2004, and 2005</b>. Beginning in 2004, these unclaimed bonds are deposited into a Miscellaneous Revenues account instead of into this Fines account. The negative amount comes from the refunding of bonds cancelled in prior years but not claimed until later.</p>

NOTE: The main reason for the decrease in 2003 is that there were fewer arrests for violations of the Wine, Beer, and Liquor Ordinance.

Revenues dramatically increased in 2005 due to the imposition of the mandatory fines set forth in sections 9.B and 9.C of the Wine, Beer, and Liquor Ordinance, as well as an overall increase in individual fines for all Classes of Offenses.
