SENIORS

WEDNESDAY  
NOVEMBER 29, 2023  
9AM - 11AM

Councilman Cleve Dunn, Jr.

In partnership with

Capitol High School Alumni Association

Presents

# YOUTH MENTORING AND CAREER DEVELOPMENT DAY

**Baton Rouge, LA** — Councilman Cleve Dunn, Jr. in partnership with the Capitol High School Alumni Association will hold a Youth Mentoring and Career Development programming for Capitol High School students.

Business and industry guest speakers from Entergy Louisiana, Baton Rouge Metro Airport and ExxonMobil will talk to the Capitol High School students about their careers. They will discuss what it takes to make it as a professional in their industry, annual pay, and the type of education required to be in said industry.

A part of the mission at the Capitol High School Alumni Association is to provide financial support to Capitol High School, its students and its programs. We also assist the school in the growth of its academic, administrative, cultural, and extracurricular activities. This is an expansion on programming that the Capitol High School Alumni Association already have in place. We plan to serve 125 students with this program. The program will expose students to various industries in an effort to show the students to industry and give them a better opportunity to choose a career path.
