Multi-Family Unit Solid Waste Collection Information Session: An Opportunity for Community Engagement

Baton Rouge, LA – The East Baton Rouge Parish Department of Environmental Services, in collaboration with District 3 Metro Councilmember Rowdy Gaudet, is hosting a community information session for multi-family unit owners and managers focusing on solid waste collection policies and Dumpster compliance in the Gardere community. Representatives from the Department of Environmental Services and Republic Services will be on hand to offer information and answer questions.

Event Details:

- **Date:** Thursday, January 25, 2024
- **Time:** 6:00 p.m.
- **Location:** Ben Burge Community Center, 9350 Antigua Dr., Baton Rouge

This information session aims to bring together multi-family unit owners and managers to discuss and gain insights into City-Parish solid waste collection policies, following a 2023 transition from individual carts to Dumpsters for multi-family units greater than three dwellings. The event will also provide a platform to address questions related to Dumpster compliance and foster community engagement on other environmental issues.

For more information, please contact Danielle Ourso, Legislative Assistant to Councilmember Gaudet at 225-389-5162 or dpourso@brla.gov.
