

LOUISIANA DEPARTMENT OF HEALTH IN PARTNERSHIP WITH THE LOUISIANA RURAL HEALTH ASSOCIATION

2019 Virtual Emergency Preparedness Training Series

- **CMS Emergency Preparedness Guidelines**

<https://attendee.gotowebinar.com/register/8405563379502124035>

A discussion on the CMS Emergency Preparedness requirements for healthcare providers. A certificate of participation will be provided.

- January 3, 2019
9am – 10am

- **Completing a Hazard Vulnerability Analysis (HVA)**

<https://attendee.gotowebinar.com/register/1066845532120787971>

This will be a true workshop! Participants will be able to complete a Hazard Vulnerability Analysis specific to their facility while the facilitator goes through the template. A template will be provided. At the end of the webinar, participants should have completed 95% of the analysis!

Conducting an annual Hazard Vulnerability Analysis is required according to the CMS Emergency Preparedness mandate. A certificate of participation will be provided. Participation in this webinar and the completion of a site-specific hazard vulnerability analysis will satisfy that requirement.

- January 8, 2019
9am – 10am

- **Developing or Updating your Emergency Operations Plan (EOP)**

<https://attendee.gotowebinar.com/register/1306224606650552323>

Participants will be provided an Emergency Operations Plan template to complete during this webinar OR participants can review and update a current EOP.

Conducting an annual review and updating your site's EOP is required according to the CMS Emergency Preparedness mandate. A certificate of participation will be provided. Participation in this webinar and the completion of a site-specific EOP will satisfy that requirement.

- January 8, 2019
1pm – 2pm

- **Virtual Tabletop Exercise**

<https://attendee.gotowebinar.com/rt/1279311860537660675>

On November 16, 2017, the new CMS requirement that facilities have an Emergency Preparedness Plan went into effect. Part of the requirement is:

- Participate in 1 full scale community-based exercise annually
- Additionally, there must be a 2nd community-based exercise

A certificate of participation will be provided. Participation in this webinar, along with the completion of an After Action Report, will satisfy the table-top participation requirement.

- January 10, 2019 Virtual Tabletop Exercise
10am – 12pm
- April 11, 2019 Virtual Tabletop Exercise
1pm – 3pm
- July 11, 2019 Virtual Tabletop Exercise
10am – 12pm
- October 10, 2019 Virtual Tabletop Exercise
1pm – 3pm

- **Completing an After Action Report (AAR)**

<https://attendee.gotowebinar.com/rt/3936984296988644355>

This will be a true workshop! Participants will be able to complete an After Action Report/Improvement Plan while the facilitator goes through the template. A template will be provided. At the end of the webinar, participants should have completed 75% of the AAR/IP!

Participating in a tabletop exercise AND documenting participation is required according to the CMS Emergency Preparedness mandate. A certificate of participation will be provided.

Participants should attend the workshop with the AAR/IP available on a laptop so that they can work on the document throughout this webinar.

- January 10, 2019
1pm – 2pm
- April 11, 2019
3:30 – 4:30
- July 11, 2019
1pm – 2pm
- October 10, 2019
3:30 – 4:30
