YLE (Youth Literacy Engagement) Session

Only two more YLE (Youth Literacy Engagement) Sessions left! These sessions are a series of events culminating in the 3rd Annual IWE Festival to be held Saturday, June 8th at Southern University A&M College.

We welcome families, caregivers, retired teachers, and youth to be involved in this initiative and gain useful literacy information during these YLE Sessions. Each session will be held at churches and schools in the community, and will create a working space to encourage literacy, including facilitated youth literacy activities, parent focus groups, literary competition, speakers, free book giveaway, and food. The sessions will host workshops on Parenting Pillars of [Cradle to K](#), and feature special guest speakers Jada Lewis, Executive Director of City Year; Rachel Sadberry, "I Am Enough"; Dr. Leigh Griffin, Kristen Wells, Unapologetic, Inc., and more! We have additional surprises for students that sign up for our New IWE Book Challenge!

The event is **FREE** and open to the public for ALL ages. We encourage everyone to attend.
